CRASH CHARITY

The difference this made to homeless & hospice charities in the words of the people who run them..

CHYP, Cirencester Natalie Ledger

"Thanks to the support of CRASH, the roof has been repaired and all bedrooms are now useable, safe and dry. CRASH has saved us £6,200 plus all the potential further costs associated with repair damage caused by a leaking roof.

But the main benefit is that can now continue to provide a safe place for more young homeless people to stay and receive our support. Thank you."

HOPE Community Services, Worksop Alan Diggles

"Without the support of organisations like CRASH and its Patrons and their willingness to help charities like HOPE, more people in crisis would have nowhere to go. These are individuals who are at the margins of society, who have multiple issues, and are in greatest need of help and support. They are people who have few alternatives; HOPE is likely to be their final option, other than rough sleeping. The facility, once completed, will provide a safe environment from which to rebuild their lives."

SIFA Fireside, Birmingham Cath Gilliver

"Making our day centre a safe, clean, well presented and well-kept place encourages our clients to feel respected and to be respectful as well as providing a secure and comfortable environment seven days a week for our staff & volunteers.

Thanks to CRASH and its Patrons, an enhanced Drop In with new shower and toilet facilities has helped us to reinforce these positive feelings."

"I always liked bricklaying and brickwork but never managed to get it together until I got clean and sober. I'm happy. At Kairos, I got to know who I am – I had no idea who I was when I arrived at Linden Grove. Now, I've got back self-respect, dignity and ambition. This is the real me." Devin Brooks, a resident at Kairos Community Trust

"My sister was only in the Hospice a short while under the care of these angels in uniforms and received the best care. Their support of my brother in law and parents was nothing short of incredibly compassionate. I could never thank them enough for making such a heart breaking time a little easier knowing she was so well cared for." Nicola, sister of a St Michael's Hospice patient

"If it wasn't for HOPE I would probably still be on the streets. The staff are really approachable and I felt like I could put my trust in them to support me through a really tough time in my life." Ian, a client of HOPE Community Services

CRASH CHARITY

"Real charity is about sharing what we are best at to help those less fortunate than ourselves, which is exactly what you do as a Patron of CRASH. Thank you."
